               PANEL MEMBER ONE: Give me the name again.
               IPO:
                    [IPO].
               PANEL MEMBER ONE: You want to speak with
    the victim here? I mean the defendant here?
 6
               CIRCUIT ATTORNEY: It doesn't matter.
7
               PANEL MEMBER ONE: It's entirely up to you.
               CIRCUIT ATTORNEY: I think that I just want
9
     to --
10
               PANEL MEMBER ONE: I would tell them that
11
    you're here, you know, on behalf of the (inaudible).
12
               VICTIM SERVICE COORDINATOR: She's going to
13
    stay for the rest of the hearing, yeah, so...
14
               PANEL MEMBER ONE: It's up to you.
15
               CIRCUIT ATTORNEY: I would say, no, I guess,
16
    if I have a choice.
17
               VICTIM SERVICE COORDINATOR: Yeah,
18
    absolutely.
19
               PANEL MEMBER ONE: Yeah, you do.
20
               CIRCUIT ATTORNEY: Okay.
21
               PANEL MEMBER ONE: So what we will do -- we
22
    on the record, Travis? Sergeant?
23
               UNIDENTFIED SPEAKER: Yes.
24
               UNIDENTFIED SPEAKER: And just to let you
25
    know, he has a delegate.
```

```
Page 6
1
               UNIDENTFIED SPEAKER: Yeah. I just want
2
    that so I can write the names.
               UNIDENTFIED SPEAKER: (Inaudible) start the
 4
    hearing, he will be here with a delegate. Make sure
 5
    you have --
 6
               IPO: I know. I was going to tell you,
7
    he's, you know --
 8
               PANEL MEMBER ONE: As long as he's mad at
9
    you, [IPO], we're okay.
10
                    (Inaudible).
               IPO:
11
               PANEL MEMBER ONE: Give me just a second
12
    here. Mrs. [Delegate] is the delegate with him,
13
    right?
14
               IPO: Yes.
15
               PANEL MEMBER ONE: She also wrote letters of
16
    support.
17
                    (Inaudible conversations.)
18
               PANEL MEMBER ONE: Okay. We'll get started.
19
               All right. You want to speak without him
20
    being here?
21
               CIRCUIT ATTORNEY: Yes.
22
               PANEL MEMBER ONE: All right. And you're
23
    here in regard to Offender [Inmate]; is that correct?
24
               CIRCUIT ATTORNEY: That's correct.
25
               PANEL MEMBER ONE: You want to identify
```

Page 7 1 yourself, please? 2 CIRCUIT ATTORNEY: My name's [Circuit 3 Attorney]. I'm an assistant circuit attorney in the 4 Circuit Attorney's Office in the City of St. Louis. 5 PANEL MEMBER ONE: Okay. Just for the 6 record, I'll introduce -- well, I'll go ahead and introduce. My name is [Panel Member One]. Mr. [Panel Member Two]. This here is Mr. [Panel 9 Member Three]. This is Ms. [Victim Service 10 Coordinator] in the room. That's Ms. [IPO]. 11 IPO: [IPO]. 12 [IPO]. Mr. Weston, PANEL MEMBER ONE: 13 right? 14 And you can go ahead and proceed. Give your 15 name one more time, and we'll let you say what you 16 want to say. 17 CIRCUIT ATTORNEY: Thank you. My name is 18 [Circuit Attorney], and I'm an assistant circuit 19 attorney. I'm here today to express what would be my 20 office's opposition to Mr. [Inmate] being granted 21 parole in this case. 22 This was a murder case from 1987. 23 Mr. [Inmate] murdered the victim in this case 24 basically in broad daylight after an argument possibly 25 between the two. And Mr. [Inmate] after that

Page 8 1 altercation, a verbal altercation, tells a friend who was a witness in the trial to go get a suitcase. That friend knows that the suitcase means a 4 gun that was contained in the suitcase. That friend does that, comes back to Mr. [Inmate]'s location. 6 Mr. [Inmate] takes the gun, goes in the middle of the 7 street, and shoots him point-blank within 10 feet of the victim right in the chest instantly killing him. So there's -- I don't know if I've seen a 10 bigger case of deliberation when you have -- when you 11 have -- when you tell your friend to go get a gun, and 12 you wait for him to go get that gun, and then you onus 13 that gun. 14 A jury convicted him in the City of 15 St. Louis, and he -- and under -- and they knew what 16 the punishment would be when they sentenced him to --17 or when they found him quilty of murder first degree, 18 and when he was subsequently sentenced to life 19 without, that's what the jury knew he would be 20 sentenced to. So we would be opposed to Mr. [Inmate] 21 receiving parole in this case based on those 22 circumstances. 23 I'll just add that the jury was instructed 24 on murder second degree in this case. They did not

PohlmanUSA Court Reporting (877)421-0099

find him guilty of murder second degree.

25

They found

Page 9 1 him quilty of murder first degree, and I believe 2 there's very strong evidence of deliberation in that he thought about what he was going to do and knew what 4 he was going to do. 5 So we would be opposed to granting him 6 parole. PANEL MEMBER ONE: Okay. Very good. Why don't you bring the offender in? He has 9 a delegate with him, I understand. 10 Come this way, please. Watch the cord here. 11 Then if you'd like to have a seat right there. 12 (Inaudible conversation.) 13 PANEL MEMBER ONE: She needs to use the 14 restroom before we start. Just take a couple extra 15 minutes. You can take him back. Yeah. Don't want to 16 have an accident. 17 UNIDENTFIED SPEAKER: Have a seat right here 18 in this chair. 19 PANEL MEMBER ONE: How you doing? 20 INMATE: How you doing? 21 PANEL MEMBER ONE: You want to give us your 22 full name and ID, please, number? 23 [Inmate], 169637. INMATE: 24 PANEL MEMBER ONE: Okay. You know you're 25 here today for a parole hearing?

                        Yes, sir.
               INMATE:
2
               PANEL MEMBER ONE: You have a guest with
 3
    you. Want to introduce your guest?
               INMATE:
                        This is my sister, [Delegate].
               PANEL MEMBER ONE: Okay.
               You been to a paroling hearing before,
7
    ma'am?
               DELEGATE: No, sir.
               PANEL MEMBER ONE: Okay. What we'll ask you
10
    to do, just sit back, kind of observe what goes on
11
    here. You'll be given an opportunity to speak in
12
    support, or you don't have to speak at all.
13
    entirely up to you. It's good the parole board knows
14
    there's somebody out there in support for Mr. [Inmate]
15
    out there in the community, okay?
16
               DELEGATE: Yes, sir.
17
               PANEL MEMBER ONE: We'll first start out by
18
    introducing the panel to you. My name is [Panel
19
    Member One]. This is Mr. [Panel Member Three],
20
    Mr. [Panel Member Two]. Mr. Weston is over here. We
21
    have some victims, witnesses in the room also, okay.
22
               And I ask you to just address any answers
23
    directly to the panel, all right? Not say anything to
24
    victims, witnesses, okay?
25
               INMATE: Yes, sir.
```

```
Page 11
1
               PANEL MEMBER ONE: Okay. You are doing life
2
    without parole, and one of the reasons you're here
    today is because of a law that was passed, Senate Bill
 4
    59, wasn't it?
 5
               INMATE: Yes, sir.
 6
               PANEL MEMBER ONE: Yeah. I think it was 59.
               UNIDENTFIED SPEAKER: No. It was 590.
               PANEL MEMBER ONE: 590. Anyhow, you're
9
    aware what that is?
10
               INMATE: Yes.
11
               PANEL MEMBER ONE: Been advised what that
12
    is?
13
               INMATE:
                       Yes.
14
               PANEL MEMBER ONE: Because when this
15
    occurred, you were 17 years of age?
16
               INMATE: Yes, sir.
17
               PANEL MEMBER ONE: So this is kind of a new
18
    and recent thing, even for the parole board.
                                                   That's
19
    why you're able to have a hearing today, okay?
20
               INMATE: Yes, sir.
21
               PANEL MEMBER ONE: I won't go into all the
22
    details of that. I'm sure you're probably aware of
23
    it; is that correct?
24
               INMATE: Yes, sir.
25
               PANEL MEMBER ONE: Okay. 590. I said 59, I
```

Page 12 1 apologize. 2 Okay. So you're serving life without 3 parole, murder first degree out of St. Louis City. You're found guilty by trial court, correct? 5 INMATE: Yes, sir. 6 PANEL MEMBER ONE: And you also had an ACA 7 charge involved there, but that is expired; is that 8 correct? Yes, sir. INMATE: 10 PANEL MEMBER ONE: And sequence three, you 11 have a delivery of drugs in a correctional facility. 12 We'll talk about that later on, okay? 13 INMATE: Yes, sir. 14 PANEL MEMBER ONE: All right. So tell me --15 take me back to when this crime occurred. 16 happened? You pled guilty to class -- you pled -- you 17 were found guilty by trial jury, and then you pled 18 guilty later on to the possession charge. 19 Let's talk about the first degree murder 20 thing, okay? Let's go back to that day, and tell me 21 what happened, okay? 22 INMATE: Okay. 23 And speak up, if you PANEL MEMBER ONE: 24 would, a little bit. I'm a little hard of hearing. 25 Okay. You know, I maintain my INMATE:

Page 13 1 innocence since day one, and I still do it today. 2 PANEL MEMBER ONE: Okay. We have to go by the report submitted to the parole board. That all 4 occurred in court as far as your innocence, and you were found guilty by trial. INMATE: Yes, sir. PANEL MEMBER ONE: Okay. But go ahead and 8 tell us what happened regarding the murder. 9 INMATE: Well, basically, I had got up that 10 morning and went over to my daughter's mother house in 11 Wellston. And I got a call later on that day saying 12 that the police was looking for me for shooting 13 somebody. It was at night. And that was it. 14 They talking about they was -- police was 15 going to kill me on sight. I got to turn myself in. 16 So I called my grandmother. She told me to get some 17 place safe until they could turn me in. 18 And I went over my children -- over my 19 daughter's mother's brother house and stayed there 20 until -- with them until my grandmother and father 21 took me, brought me into the police station. 22 PANEL MEMBER ONE: Okay. I'm going to go 23 into a little bit more detail as to what happened. 24 Let you know the reports we have in front of us, okay? 25 I'm going to hit all of the -- hit the high points

```
Page 14
1
    basically.
2
               And you are -- you were 17 years old at the
 3
    time of the offense, correct?
 4
               INMATE: Yes.
 5
               PANEL MEMBER ONE: And you served about --
 6
    you served about almost 30 years?
7
               INMATE: Yes, sir.
 8
               PANEL MEMBER ONE: All right. So you're
9
    about 47 years old?
10
               INMATE:
                       Yes.
11
               PANEL MEMBER ONE: If my math's good. All
12
    right. The circumstances we have here. What happened
13
    on March the 20th, 1987, the victim was [Victim].
14
    you know the victim --
15
               INMATE: No, sir.
16
               PANEL MEMBER ONE: -- at the time? 28 years
17
    old at the time. Broke up a fight involving three
18
    small boys, Wabada and Hamilton Street. An onlooker
19
    later identified as you, apparently, you saw this
20
    fight going on, left the scene, and returned minutes
21
    later armed with a sawed-off rifle. According to
22
    witnesses, you walked up to the victim and shot him
    one time in the chest.
23
24
               That didn't happen?
25
                        No, sir.
               INMATE:
```

```
Page 15
1
               PANEL MEMBER ONE:
                                 Okay. Okay. Initially
2
    what happened was Mr. [Victim] was breaking up a fight
 3
    between his 12-year-old brother and two other
 4
    12-year-old boys.
 5
               After the fight, [Inmate], that being you,
 6
    stated to the victim, If that was my little brother
7
    who you stopped from fighting, I'd kick your -- excuse
8
    my language -- ass.
9
               The report says you called him -- the victim
10
    called [Inmate] a punk and walked away. [Inmate] then
11
    sent (inaudible) to his house to bring back a rifle in
12
    the meantime.
13
               [Victim] was talking to a friend who was
14
    seated in her car. [Inmate] approached the vehicle
15
    and stated, I'll show you what a punk MF is and shot
16
    the victim from less than 10 feet away. The bullet
17
    severed the aorta of the victim's neck killing him
18
    instantly.
19
               So you're going to tell me that didn't
20
    happen?
21
               INMATE: No, sir. I was not involved.
22
               PANEL MEMBER ONE: You was nowhere in the
23
    area?
24
               INMATE:
                        No, sir.
25
                                 Were you in the area?
               PANEL MEMBER ONE:
```

```
Page 16
1
                        No, sir.
               INMATE:
 2
               PANEL MEMBER ONE:
                                 You was not even there?
               INMATE:
                        No, sir.
               PANEL MEMBER ONE:
                                 Okay. Okay.
 5
    were interviewed by the officer that wrote this
 6
    report, you again maintain your innocence, denied
7
    committing the crime or participating in the offense.
 8
               And you were 17 at the time. You were not
9
    under the influence of any drugs or alcohol that day?
10
               INMATE: No, sir.
11
               PANEL MEMBER ONE: You brought up the fact,
12
    apparently, that you were physically, mentally,
13
    sexually abused growing up but stated you did not
14
    commit the current offense so it had no bearing on
15
    your -- it has no bearing on your parole release.
16
               You just told me a while ago you didn't know
17
    Mr. [Victim]?
18
               INMATE:
                        No, sir.
19
               PANEL MEMBER ONE: My report here indicates
20
     (inaudible) knew the victim and the victim's family
21
     from the neighborhood. Was not friends with him.
22
               That's not true? You didn't know him at
23
    all?
24
               INMATE:
                        No, sir. I didn't know him, but I
25
    did know his little brother.
```

Page 17 1 PANEL MEMBER ONE: Okay. It was reported 2 that you knew the victim and the victim's family from the neighborhood. Goes on to say that you take no 5 accountability for the current offense and stated that 6 you maintained your innocence throughout the entire interview when you talked to the officer that wrote 8 this report. You're still claiming that today --10 INMATE: Yes. 11 PANEL MEMBER ONE: -- that you're completely 12 innocent? 13 INMATE: Yes, sir. 14 PANEL MEMBER ONE: All right. As far as 15 the -- so we know what happened that day. 16 Mr. [Victim] was killed by someone with a sawed-off 17 rifle. You deny it was you. Kind of summarizes the 18 crime itself of a first degree murder, which you were 19 found guilty of by trial court. 20 As far as the sequence three, the 21 delivery/possession of drugs in a correctional 22 facility, tell me about that. 23 INMATE: It's hard to explain, sir. 24 found guilty of -- well, I was accused of having a 25 knife in the prison system. That's what I did.

```
Page 18
1
    somehow it got turned into a drug case. I don't know
2
         I have the paperwork here to show you-all if
    you're all interested.
               PANEL MEMBER ONE:
                                  That's all right.
 5
    can hang on to that. We probably have that in the
6
     information within the facility.
               You -- states that on -- that happened about
 8
    August the 17th, 1992, right? You possessed a
9
    controlled -- or concealed in the Potosi Correctional
10
    Facility a homemade knife, approximately 7 inches in
11
    length. But you end up getting charged with
12
    possession of a controlled substance?
13
               INMATE:
                       Yes, sir.
14
               PANEL MEMBER ONE: Is that right?
15
               INMATE:
                       Yes, sir.
16
               PANEL MEMBER ONE: Did you have the knife?
17
               INMATE: Yes, sir.
18
               PANEL MEMBER ONE: All right. And you said
19
    you had a knife in ECC. How do we go from a knife,
20
    possession of a weapon, to drugs?
21
                       (Inaudible).
               INMATE:
22
               PANEL MEMBER ONE: But you pled guilty to
23
    that, possession of drugs in a correctional facility,
24
            It's all involved, those two things?
25
                        No. At the time they told me I was
               INMATE:
```

```
Page 19

    getting the knife case, and they was going to waive --
2
     they was going to give me two years for the knife, and
     they was going to waive victim's comp. We didn't have
     to pay.
 5
               At the time I had life without parole.
                                                        Ι
 6
    wasn't worried about how much time they gave me.
                                                        Ι
7
    was only worried about paying the victim's comp
    because I couldn't afford it, so I pled guilty to the
9
    knife. Somehow after we pled guilty, it got changed
10
    to drugs in order to give me two years. I'm
11
    speculating on that.
12
                                  Okay. You indicated you
               PANEL MEMBER ONE:
13
    had a knife in your possession for protection from
14
    sexual predators, correct?
15
               INMATE: Yes, sir.
16
               PANEL MEMBER ONE: All right. I'm just
17
    trying to comprehend how it went from a weapon like
18
    that in a correctional facility down to drugs. You
19
    ever had any drugs on you at all or anything?
20
                        Throughout my incarceration?
               INMATE:
21
               PANEL MEMBER ONE: When these charges came
22
     about.
23
               INMATE: No, sir.
24
               PANEL MEMBER ONE: All right. Prior to this
25
    you were only 17 years old. Didn't have any arrests,
```

```
Page 20
1
    did you?
2
               INMATE: No, sir.
               PANEL MEMBER ONE: Maybe as a juvenile?
 4
    a juvenile?
 5
               INMATE:
                        Yes.
                              I think I got arrested for a
6
     fight at school or something like that. It was
7
    something real minor.
               PANEL MEMBER ONE: And, of course, you
9
    had -- in '89 you had the armed criminal action.
10
    You've completed that, the time on that. Three-year
11
    sentence, right?
12
               INMATE: Yes, sir.
13
               PANEL MEMBER ONE: You admitted to selling
14
    drugs in prison to make money for your attorney.
15
                        Yes, sir. I tried.
               INMATE:
16
               PANEL MEMBER ONE: That didn't have anything
17
    to do with this other offense?
18
               INMATE: No, sir.
19
               PANEL MEMBER ONE: Stated it didn't work out
20
     (inaudible) as far as selling drugs while you're
21
    incarcerated. You have a drug problem?
22
               INMATE: No, sir.
23
               PANEL MEMBER ONE: Probably not being
24
    incarcerated all this time; although, I know you have
25
    access to them in prison, unfortunately.
```

```
Page 21

               Says you don't need any kind of treatment as
2
     far as that goes, drug treatment or anything like
     that.
               As far as being an aggressive person, your
    assaultive behavior, obviously, just the crime itself
 6
    would indicate, even though you deny it, but you do
    have an assaultive behavior. Plus you had -- you had
    the knife, so you are kind of an aggressive person I
9
    would say.
10
              March 2010 you stabbed another inmate with a
11
    homemade knife; is that right?
12
                       Yes, sir.
               INMATE:
13
               PANEL MEMBER ONE: What was that all about?
14
                        I got involved with a prison gang.
               INMATE:
15
               PANEL MEMBER ONE: Speak up a little bit,
16
    please.
17
                        I got involved with a prison gang
18
    called Family Values, and it went wrong. And I was
19
    attacked, and I took the knife from one of them.
20
     I was outnumbered, so I defended myself with the
21
    knife. I got my hands cut up from trying to take the
22
    knife and had to seek medical attention.
23
    stitches and had to have my hands iced.
                                              I think I
24
    still have the (inaudible) report for the ice if
25
    you-all interested.

               PANEL MEMBER ONE: You taking anger
2
    management while you're here?
               INMATE: I've tooken -- no, sir. I've not
 4
    taken the big course. I'm on a waiting list for that.
 5
    If you-all interested I can show it to you, but I do
6
    have some certificates for anger management, the cage
7
    and rage and all that.
               PANEL MEMBER ONE: Okay. 47 years old,
9
    right?
10
               INMATE: Yes, sir.
11
               PANEL MEMBER ONE: Served almost 30 years?
12
               INMATE: Yes, sir.
13
               PANEL MEMBER ONE: Twenty-four conduct
14
    violations since your arrival in the Department of
15
    Corrections; is that right?
16
               INMATE: I believe so.
17
               PANEL MEMBER ONE: All together. Looks to
18
    me like you had one here in -- unless there's a typo
19
          Did you have a conduct violation in 2000 --
20
    2006, excuse me? The last conduct violation you had
21
    was 2012, right?
22
               INMATE: Yes, sir.
23
               PANEL MEMBER ONE: You also -- sometime
24
    between October 2012 and November 2012 you conspired
25
    with another inmate and a civilian on the phone to
```

Page 23 1 smuggle drugs into SCCC? 2 INMATE: Yes, sir. PANEL MEMBER ONE: That was one of your 4 violations, right? 5 INMATE: Yes, sir. Yes, sir. 6 PANEL MEMBER ONE: Then you had a cause 7 serious injury to another back in March of 2010. know it's been some time ago, but they're kind of 9 serious conduct violations. Then you stabbed a guy 10 with a homemade knife in 2010, correct? 11 That's the same incident. INMATE: 12 Yeah. Right. Dangerous PANEL MEMBER ONE: 13 contraband way back in '92. And you had an assault 14 when you was over at the old prison. In '92 you was 15 found in possession of a homemade knife again. 16 that another -- was that a different offense? 17 No, sir. That's the same one. INMATE: 18 PANEL MEMBER ONE: Well, you had one in 19 2010, stabbed the victim, stabbed another inmate. 20 then you had one back in -- in '92 found in possession 21 of homemade knife. He was later convicted. And just 22 found in possession, okay, in '92. 23 And you had some assaults along the way. 24 you haven't been, you know -- I know you've been here 25 30 years, and you've had approximately 24 to 25

Page 24 1 violations. Not quite one a year. Some of them very 2 serious, however. I guess let me ask you this question: 4 you can't follow the rules and regulations while 5 you're incarcerated here, how can we expect you to do 6 that out on the street? INMATE: Yes, sir. Well, as I was trying to 8 explain, my first assault, which is in '90 or '91, it 9 was well known booty man had approached me for sex and 10 kept pressing me for sex. I was young at the time. 11 ended up hitting him with a weight. That's the only 12 thing I can do. 13 The assault in 2010, that's what I was 14 explaining earlier. The guys had approached me with 15 the knife. I took the knife and defended myself from 16 That's how I got my hands cut trying to take 17 the knife. I did not aggressively attack anyone or 18 done anything like that. I was just faced with a 19 horrible prison life. 20 Well, you've done pretty PANEL MEMBER ONE: 21 good as far as conducted violations since 2012. Keep 22 it that way, okay? 23 Yes, sir. INMATE: 24 PANEL MEMBER ONE: What kind of work 25 assignments you have here?

```
Page 25
1
               INMATE: Currently I'm a ECU worker, which
2
    is Enhanced Care Unit. I take care of older
    prisoners, disabled prisoners. I dress them, feed
 4
    them, help them get to their appointments, things like
 5
     that.
 6
               PANEL MEMBER ONE:
                                  Okay.
7
               INMATE: Make sure they all right, clean
8
    theirself.
9
               PANEL MEMBER ONE: Very good. You got your
10
    GED in 1998, right?
11
               INMATE: Yes, sir. (Inaudible).
12
               PANEL MEMBER ONE: Okay. You've received --
13
    you've received quite a few certificates for different
14
    programs throughout your incarceration. That's good.
15
               INMATE: Yes, sir.
16
               PANEL MEMBER ONE: Six hours of -- 600 hours
17
    of restorative justice, right?
18
               INMATE: Yes, sir.
19
               PANEL MEMBER ONE: You -- physical health's
20
    okay?
21
               INMATE: Yes, sir.
22
               PANEL MEMBER ONE: Mental health?
23
               INMATE: Thirty years of prison, I mean
24
     (inaudible) --
25
               PANEL MEMBER ONE: Basically, your mental
```

```
Page 26

    health's --
2
               INMATE: Yes.
               PANEL MEMBER ONE: You're not taking any
 4
    medication or anything like that?
 5
               INMATE: No, sir. No, sir.
 6
               PANEL MEMBER ONE: Okay. What's your plan
7
    should you be released?
 8
               INMATE:
                      Well, I've been offered a job, but,
9
    I mean, I'm planning to go out and get the best job I
10
    can to support my fiance and my family until I can
11
    find a job of my dreams. Would be to restore houses.
12
    I love construction.
13
               PANEL MEMBER ONE:
                                 Okay. Report indicates
14
    that you'd like to start your own business in
15
    construction, right?
16
               INMATE: Yes, sir.
17
               PANEL MEMBER ONE: And you prepared a letter
18
    outlining your goals and plans for release, right?
19
               INMATE: Yes, sir.
20
               PANEL MEMBER ONE: That's in file bound, so
21
    we have those letters and those things.
22
               INMATE: Yes, sir.
23
               PANEL MEMBER ONE: We have record of that,
24
          What do you do around here in your free time?
25
               INMATE: Mostly read. I really don't get
```

```
Page 27
1
    that much free time though because I take care of
2
     the --
               PANEL MEMBER ONE: Right. Busy?
               INMATE: Right. Yes.
                                      It's a lot of work.
 5
               PANEL MEMBER ONE: Okay. Never been
 6
    married, but you have a 30-year-old son?
7
               INMATE: Yes, sir. Thirty-year-old
8
    daughter.
9
               PANEL MEMBER ONE:
                                 Daughter?
10
               INMATE: Yes, sir. My son -- she turned 30.
11
               PANEL MEMBER ONE: You have a 30-year-old
12
    son and a 30-year-old daughter?
13
               INMATE: Yes, sir. My daughter was born
14
    November the 1st, and what I believe to be my son, he
15
    was born January 1st.
16
               PANEL MEMBER ONE: Okay. But you've never
17
    been married. Had 30-year-old son Brian with
18
    ex-girlfriend Kimberly, resides in St. Louis.
19
    don't have any contact with her or the son; is that
20
    correct?
21
               INMATE: No, sir.
22
               PANEL MEMBER ONE: What's your home plan?
23
                       I plan to go home to my fiance and
               INMATE:
24
    get married. We scheduled to be married in March if
25
    possible. But I plan to go home to her, live there so
```

```
Page 28
1
    she can help me with my appointments if I have any or
2
    any parole stipulations if I have any. I believe she
     should have submitted a letter of support.
               PANEL MEMBER ONE: Yeah. I think --
 5
                    (Inaudible conversation.)
 6
               PANEL MEMBER ONE: We got it here.
7
    record of it, okay. Some things in the computer, some
8
     things in the file.
9
               You don't have a driver's license, right?
10
    Never had one probably.
11
               INMATE: No, sir.
12
               PANEL MEMBER ONE:
                                  Okay.
13
               Okay. There be some special conditions.
14
    drinking, no contact with the victim's family, and
15
    we'll probably do anger management program with you at
16
    some point in time, okay?
17
               INMATE: Yes, sir.
18
               PANEL MEMBER ONE: Let me see if my
19
    colleagues have any questions. Mr. [Panel Member
20
    Three]?
21
               PANEL MEMBER THREE: No, sir.
22
               PANEL MEMBER ONE: Mr. [Panel Member Two]?
23
                                  I know you still maintain
               PANEL MEMBER TWO:
24
    your innocence. Is it still in the process in the
25
    courts somewhere, or what's -- what's going on with
```

```
Page 29
1
     that?
2
               INMATE:
                       Yes, sir. I have an attorney.
               PANEL MEMBER TWO: Um-hum. And that's?
               INMATE: Matthew Neblitt.
 5
               PANEL MEMBER TWO: I also got a letter from
 6
    him.
7
                       (Inaudible), but my family is also
               INMATE:
8
    going to hire another attorney, Kim Gibson --
9
               PANEL MEMBER TWO: Um-hum.
10
               INMATE: -- to fight for my innocence.
11
               PANEL MEMBER TWO: How many times has he
12
    gone back to court on this, I'm just curious, over the
13
    past 30 years?
14
               INMATE: Ouite a few. Ouite a few.
15
               Recently I hired in -- sorry. In 2010, I
16
    believe, we hired an investigator, and he found some
17
    witnesses. We put a thing in the newspaper.
18
    it for several years, and some witnesses came forward
19
    saying that I wasn't the person that they seen commit
20
    the crimes. So we're -- that's what we're trying to
21
    get back in court on possibly.
22
               PANEL MEMBER TWO: Okay. One of those is
23
    Paul Witherspoon, I guess, I believe?
24
               INMATE: No. He's not one of the recent
25
    witnesses.
```

Page 30 1 PANEL MEMBER TWO: Um-hum. 2 INMATE: That would be Demetrius Gray and 3 Toriano Rice and Terrell Gap. 4 PANEL MEMBER TWO: Mr. Witherspoon also 5 wrote a letter in support. I know you got several. 6 Your sister, your mother, (inaudible) from the 7 attorney. I just wanted to let you know. It may not 8 be in here, but we have them in the computer here. 9 Okay. You got that one. 10 UNIDENTFIED SPEAKER: We have a copy. We 11 have a copy in the computer and here. 12 PANEL MEMBER TWO: Okay. So I just wanted 13 to let you know that we have those. 14 And then as far as program wise, I know you 15 had lots of program completions. 16 INMATE: Yes, sir. 17 PANEL MEMBER TWO: And I have a list of them 18 on here. But I also notice that all these completions 19 except for, you know, the restorative justice hours, 20 they're all done recently. 21 Now, I know you got your education, but, I 22 mean, why all of a sudden? And then after, what, 30 23 years, you just now started doing programs. 24 INMATE: Well, restorative justice was a 25 different time. (Inaudible).

```
Page 31
1
               PANEL MEMBER TWO:
                                  Yeah, yeah. I know.
2
               INMATE:
                        The ones I took recently were
3
    reentry programs as well.
 4
               PANEL MEMBER TWO:
                                 Um-hum.
               INMATE: I'm trying to -- if I'm given a
 5
 6
    chance for parole, I'm trying to make it work. I'm
7
     trying to take full advantage of them and be positive
 8
     about it.
               PANEL MEMBER TWO: Um-hum.
10
               INMATE: Before 2012 when it came out the
11
    juvenile ruling, I had no future, no outlook except
12
    trying to find my way through the court.
13
               PANEL MEMBER TWO: Um-hum.
14
               INMATE: And now things have opened up to me
15
    so I'm trying to prepare for if I do get a chance for
16
    parole, I can survive on the street. That's why I
17
    took the automotive course and the construction. I'm
18
    trying to make it (inaudible).
19
               PANEL MEMBER TWO: I was just curious.
20
    mean, some people they do programs their whole time.
21
               Conduct's good. I'm glad the conduct's
22
    improved, but you can't make fast money in here, you
23
    know, like you're deal with trying to get some drugs
24
     in.
25
                        I understand.
               INMATE:
```

```
Page 32
               PANEL MEMBER TWO: That's -- yeah.
1
                                                   That's
2
    all I have.
               PANEL MEMBER ONE:
                                 Okay. Ms. [Delegate],
 4
    what would you like to say today?
 5
               DELEGATE: Good afternoon. Thank you for
6
    giving me the opportunity to speak today. I don't
7
    know if all of you are aware that I actually flew here
    from California for his proceedings today. So that's
9
    how important --
10
               UNIDENTFIED SPEAKER: I'm going there
11
    Thursday, so...
12
               DELEGATE: Wow, okay. The weather's better.
13
    It's much warmer.
14
               My brother, first thing I want to say is, in
15
    all of my dealings with him throughout my entire life,
16
    his -- when he's been violent, it's not that he's
17
    attacked other people. It's either in defense of
18
    himself or in defense of other people that were less
19
    capable.
20
               Furthermore, other things. When he gets
21
    out -- I believe you guys have a letter from my cousin
22
    who owns a dry cleaner. Our family -- our family's
23
    business has been dry cleaning for many generations.
24
    My great-grandmother opened the first dry cleaner in
25
    1929.
```

Page 33 1 So when he gets out of here, if another job doesn't materialize, he will be doing an internship 2 with my cousin in the family business. So I am more or less a representative of his entire support network. It's -- it won't be just his fiance, Paula. 6 My mother is involved. My cousin is involved. has -- he has an aunt; he has a cousin. And my husband has been totally super 9 generous. Even when he comes through here on 10 business, my husband has been serving as a mentor for 11 him. He's even gotten -- they have discussions about 12 the Bible. 13 My brother, although he hasn't been taking 14 programs, he has taken on personal development. 15 reads USA Today. He reads National Geographic. 16 reads the Bible, does Sudoku. He doesn't -- when he 17 does have downtime. 18 He spent lots of time as a legal -- as a 19 clerk in the law library. And when he wasn't helping 20 do that job, he's been working on his case trying to 21 extricate himself and prove that he did not commit 22 this crime. Our entire family believes that he did 23 not do this as he's been saying from the very first 24 day that this happened. 25 We've had -- we had a very tumultuous

Page 34 upbringing, so I'm not -- his anger issues is not just

- because he's an angry person, but we had a very --
- 3 coming from a broken, abusive home.

1

- 4 And that's abuse of every form. Things that
- 5 no child should have to live with see explained. I
- 6 mean, everything from being verbally abused,
- 7 challenged, bullied, cursed out, belittled on a
- 8 regular, constant basis to the beatings with anything
- 9 my mother or my father picked up.
- First thing they saw, you're getting hit
- 11 with it be it from open hand, clenched fists, wooden
- 12 spoons, switches from trees, water hoses, plastic
- bats, electrical extension cords. You know, we've
- 14 had, you know, bruises and welts and everything. Just
- stuff you don't even want to imagine.
- My mother went into a lesbian relationship
- with another woman, and they would walk around nude in
- 18 front of us. We were exposed to inappropriate
- 19 sexuality, and kids, we didn't really have any place
- to go and nobody was looking out for us.
- So, you know, we witnessed my -- my father
- beating my mother on a regular basis, and that, again,
- everything from open hand, slapping her in the face to
- 24 gun play. We saw my father chase my mother through
- the house with a shotgun. So our upbringing was

Page 35

- 1 nowhere near normal.
- 2 And I -- we are really, really sorry that
- 3 there has been a life lost in this tragic incident,
- 4 but he's served nearly 30 years. He has matured
- 5 immensely from the angry young man he was when he came
- 6 here.
- 7 He's learned how to talk out his problems
- 8 and resolve his problems with intellect. He has role
- 9 models and mentors. He's -- he does seek advice from
- other people. He's no longer stubborn and selfish.
- He's -- he's a person I'm proud to call my brother.
- 12 And just -- you know, and coming from the
- background that we come from and then coming here
- immediately to prison and being exposed to rapists and
- murderers and all of that, he didn't become a rapist
- and murderer and a person that's abusive. He still,
- you know, looks out and he's defensive of other
- 18 people. He cares about other people.
- And as far as accountability, it's hard to
- be accountable for something you didn't do, and he has
- been accountable by being here. And his being --
- 22 continued incarceration doesn't -- it can't bring
- 23 Mr. [Victim] back. We are sorry he's gone, but he
- didn't hurt Mr. [Victim].
- 25 And I believe you have a letter from

Page 36

- 1 Mr. Witherspoon who was involved in the incident, who
- also was the eye witness and states that he is not the
- 3 person who shot Mr. [Victim].
- And when I think about my brother and
- 5 everything that he's missed, you know, births,
- 6 weddings, deaths, you know, I also think about the
- 7 [Victim] family, because I can still visit him and
- 8 talk to him, but they can't visit and talk to their
- 9 loved one.
- But as sorry as we are about that, he didn't
- do this, and him being incarcerated is not just him.
- 12 It kind of feels like we're somewhat incarcerated,
- too, because it's a hardship for us to leave him here
- every time we leave him here and worry about his
- safety and whether or not he's actually going to be
- all right or if he's going to be attacked, if he's
- qoing to be raped, if he's going to be stabbed.
- We worry about if he's ever going to get a
- 19 chance to get out here and be a contributing member of
- society. You keeping him locked up any longer is an
- 21 emotional drain on us as well as on him. It's a
- financial drain on the state.
- He can't be out being a proactive,
- 24 contributing member to society. And I believe after
- 30 years and watching how much he's matured, that he's

Page 37 1 ready for that. And we as a family encourage him always to get, you know, more education and to prepare for being out in the streets. Because in here, if someone's bothering you, you can't really escape your assailant. It's easier to deal with your issue outside because you can walk away from somebody who's 7 bothering you. PANEL MEMBER ONE: Anything else? 9 you traveled a long way, so here's your opportunity. 10 DELEGATE: That's all. I just really -- you 11 know, like I said, myself, my mom, her fiance, his 12 fiance, we are all here for him whatever he needs, you 13 know, and we're going to -- when he gets out, he has a 14 lot of catching up to do with the world. 15 So we know there's going to be a long period 16 of him just even getting caught up with technology. 17 When he came here, everybody didn't have a cellphone. 18 People didn't have ATM cards. You know, so we're 19 trying our -- you know, trying to put together a plan 20 for him to be successful because we don't want him 21 back in here. And he doesn't want to be in here 22 and --23 PANEL MEMBER ONE: I understand. 24 Well, good that you came today. 25 And you should feel blessed, Mr. [Inmate],

Page 38 1 that you have the support here. Lot of people we see 2 do not have support with them or a delegate. You can feel blessed for that. We do have a letter here from Ron Hasley. 5 That's the cleaning? Um-hum, that's my cousin. INMATE: PANEL MEMBER ONE: We do have that, just for 8 your information. 9 Mr. [Inmate], anything else you like to tell 10 the parole board today? 11 INMATE: Yes, sir. Over the 30 years of my 12 incarceration, I've become well-disciplined, 13 responsible person, you know. But one thing I do want 14 you-all to know, my three most important lessons I've 15 learned while (inaudible), my father used to tell 16 me -- you know, he was abusive father, but he always 17 used to tell me to mind your own business. 18 And they tell you that when you first come 19 to prison, and that's one of the most valuable lessons 20 a person can learn in life is to mind your own 21 business, leave other people's business alone. 22 And I was -- if I could, can I just briefly 23 tell the story of the day that I turned my life around 24 and begin to mature in prison? 25 PANEL MEMBER ONE: Just as long as it's not

Page 39 1 an hour long, that's fine. 2 INMATE: Okay. I'll make it as brief as 3 possible. PANEL MEMBER ONE: Go ahead. 5 INMATE: Okay. I'd been in prison for 14 6 I'm going to say it was about '96. And my 7 daughter's mother brought my daughter -- well, before 8 that -- I'm going to make it brief as possible. 9 My stepmother, my father's wife, girlfriend, 10 anyway, she used to be on me about pressuring me 11 about, you don't know the pain you've caused everybody 12 else in this family, your sisters, you know, your 13 aunt, your family. 14 And I couldn't understand it because coming 15 from her, I looked to her and my other family members 16 as somebody supposed to love me. So I used to cry 17 about, you-all don't understand. I'm the one 18 suffering. I'm here doing this bit, and I'm innocent, 19 and you-all should be out trying to help me get out, 20 fight for my freedom. 21 And I couldn't understand what she kept 22 trying to say you hurt people just by coming. It 23 don't matter if you guilty or not or any of that, and 24 I couldn't understand it. 25 And it was a day that my daughter's mother

Page 40 1 brought her up here, and the first time I seen her as 2 a little girl, not as a baby. And we talking on the phone because I was in the hole under investigation, and I was talking to her on the phone. She just -- we just have the most wonderful visit ever, my first 5 6 visit with her. And then I asked to speak to her mother for a little while. She jumped -- she was back playing and jumping, and all of a sudden she just started 10 crying. So I'm thinking somebody did something to

12 I'm crying out, who did something to her?

her, so I'm immediately wanting to protect her.

13 Ask her who do something to her. I want to try to

14 find out so I could protect her, and I'll deal with

15 them.

11

And when I finally got her back on the phone

and I asked her and she was crying, and it took her a

while to answer. Then she just asked me, when was I

19 coming home. Her life would have been totally

 $^{20}\,$ different had I been there. And it hit me. Knocked

the wind out of me.

Now I understood what my stepmother had been

 $^{23}\,$ saying all along. Coming from somebody that I was

 24 supposed to love and protect and raise right, then me

25 being here, regardless of innocent or guilt, that's

Page 41 why I put in my letter that I realize that being a man is more so about being there every day to take care of the day-to-day responsibilities than anything else. And the other thing I've learned is that 5 life is never over. And what I mean by that is I made the mistake of trying to sell the drugs in prison because I thought I was faced with life without parole, which means forever. Either you do something to save your life, or you die in prison. 10 And I learned not only that I didn't know 11 how to sell drugs. I couldn't sell drugs. But what I 12 really learned was that -- one of the most valuable 13 lessons. 14 That same year after I got locked up, Miller 15 came out and told me I would be eligible for parole, 16 and it taught me to never give up on my principles. 17 And I -- because I'm not going to hold you-all up any 18 longer. 19 Let me just say this here. For years I 20 resented drugs because I thought it was part of what 21 turned my mother into a lesbian. Her and her friends 22 used the drugs, and they end up having a relationship. 23 So for years I resented drugs. That's why I 24 didn't have any dealings on my record or any drug

PohlmanUSA Court Reporting (877)421-0099

involvement all the way up until 2010 when I gave up

25

Page 42

- on my principles and thought either you do something
- or you die here. Because at the time I didn't have a
- 3 mother to take -- help take care of me. She just
- 4 recently came back into my life in, like, 2013.
- But, anyway, just when I thought it was
- 6 over -- I'm not going to use God. I'm just going to
- 7 say (inaudible) came about, and I get an opportunity.
- 8 Whether I'm successful here or not, I got an
- 9 opportunity to get out.
- So, therefore, what I thought was the end of
- 11 life if I don't do something for myself, eventually a
- 12 way was made where it was possibility. And those are
- some of the most valuable lessons I've learned. Never
- qive up on your principles because never don't
- 15 necessarily mean never. Stick to the good things in
- life, and it will work out.
- And the last thing, I know you-all probably
- 18 heard it before. I love my fiance, and I got a chance
- 19 to be with her as well. Marry my childhood
- sweetheart, my first love from when I was child. And
- the value of a good woman to make you do right and
- 22 keep you there with her is why I will never come to
- 23 prison again if given the chance to make parole.
- 24 Definitely not. I would never be without her again
- because I love her that much.

               That's all I got to say. Thank you.
2
               PANEL MEMBER ONE: Okay. We'll give word
    back about six to eight weeks. You can let your
    sister know at that time what the results of the
    meeting were -- hearing was today. Okay?
 6
               INMATE: Yes, sir.
7
               PANEL MEMBER ONE: That will end your

    hearing, and you're dismissed. Thank you very much.

               Thank you. Safe travel back to California.

    Where you going to in California?
